

IRRADIATION COMMENT FORM

attention FDA: keep irradiation labeling!

Re: Docket # 98N 1038,
"Irradiation in the
Production, Processing,
and Handling of Food"

TREATED WITH
IRRADIATION

Dear FDA,
please keep irradiation
labeling. I feel you should
re-focus your agency on
the most important task of all,
policing the meat & poultry
industry - get them to
clean up their act!!
